HOW TO GET YOUR PLANTS FREE

THIS PAGE IS OF INTEREST TO ALL. READ IT

THERE are those who do not wish to spare the money or do not feel able to purchase flowers, although they deeply love and enjoy them. And then there are those who take pleasure in interesting their friends and neighbors in cultivation of plants, for indeed all communities are the better for a liberal display of flowers. We wish to call the attention of such persons to the fact that while they are working for us, they are at the same time supplying themselves with plants at no outlay of money to themselves, but are practically getting them free.

HOW TO SEND CLUB ORDERS.

Keep each person's order separate, giving his or her full name, with the amount of the order. Then make your selection to the amount due you, naming plants desired as your discount, signing your name as the **GETTER-UP OF THE CLUB.**

Do not include collections or special offers in making up your Club Orders, as premiums apply only to price per single plant or bulb.

Remember that the getter-up of the club is

HOW WE PACK ORDERS.

Each person's plants will be packed separately, with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail, and you desire them to be sent direct to the person, we will do so when the order amount to **ONE DOLLAR or more.**

entitled to all discounts. We cannot allow each member of the club to select discounts, etc., and then allow the getter-up of the club to select another discount on same orders.

EXCEPTIONS

THESE club rates are not allowed on Shade trees, Magnolias, Hedge Plants, or plants when priced by the dozen. Nor can I allow any of these to be selected as premiums or Discounts. You can readily see the reason for this, as I could not make you a special offer and give you a discount besides. Please remember this when ordering, and, if possible, keep the above exceptions separate from that part of your order entitled to Club Rates.

Express Clubbing Rates

Any person sending \$2.00	may select plants at price per single plant to the value of \$.75	Extra.
Any person sending 3.00	may select plants at price per single plant to the value of 1.00	Extra.
Any person sending 4.00	may select plants at price per single plant to the value of 1.30	Extra.
Any person sending 5.00	may select plants at price per single plant to the value of 1.70	Extra.
Any person sending 6.00	may select plants at price per single plant to the value of 2.00	Extra.
Any person sending 8.00	may select plants at price per single plant to the value of 3.00	Extra.
Any person sending 10.00	may select plants at price per single plant to the value of 4.00	Extra.

Mail Clubbing Rates

Any person sending \$2.00	may select plants at price per single plant to the value of \$.50	Extra.
Any person sending 3.00	may select plants at price per single plant to the value of .75	Extra.
Any person sending 4.00	may select plants at price per single plant to the value of 1.00	Extra.
Any person sending 5.00	may select plants at price per single plant to the value of 1.25	Extra.
Any person sending 6.00	may select plants at price per single plant to the value of 1.50	Extra.
Any person sending 8.00	may select plants at price per single plant to the value of 2.00	Extra.
Any person sending 10.00	may select plants at price per single plant to the value of 2.25	Extra.

Some firms offer larger discounts on club orders, but my price per single plant is much cheaper and my plants are equal, if not superior, to any that can be had, as they are home grown, and better adapted to our Southern climate. A trial order or a visit to my place will convince anyone THAT MY ENTIRE STOCK IS IN A PERFECTLY HEALTHY CONDITION.

INDIVIDUAL ORDERS ALLOWED SAME PREMIUMS AS CLUB ORDERS.

PIEDMONT GREEN HOUSES

GAINESVILLE, . . . GEORGIA

J. E. JACKSON

Greeting

TO MY FRIENDS AND CUSTOMERS.

Photograph showing size and vigor of my 10c Roses from 2 1-2 inch pots, ready to pack for express orders.

Photograph showing the vigorous roots of my 10c. Roses, ready to pack for mail orders.

PERMIT me to again tender to my friends and patrons the hearty thanks due them for their kindly support, liberal patronage and recommendations during the past seasons. I have spared neither time nor expense in procuring *the best of all the latest novelties*, which, after being tested by me, I offer to you, in addition to *all the old standard varieties*.

From those who receive this catalog for the first time, I would ask a trial order, as I feel confident that they will be pleased with my liberal treatment and promise that all dealings

shall be satisfactory. I have secured and retained a well-known practical grower, with long experience, which places me in a far better position than ever before to give my customers every attention. Everything is under my personal supervision, making mistake less liable to occur. However, should an error be made in filling an order, my customers may feel assured that I will promptly rectify it, and do all in my power to give perfect satisfaction.

IN CONCLUSION, To those who have so kindly favored me with their esteemed orders and many kind letters, I return hearty thanks, promising, as before, to give full value for money received, and endeavor to make every transaction satisfactory. Very truly,

J. E. JACKSON, - Piedmont Greenhouses
GAINESVILLE, . . . GEORGIA

I DO NOT SEND OUT ANY REPRESENTATIVES.

JACKSON'S SET OF 12 EVER-BLOOMING ROSES FOR ONLY \$1.00.

Each one plainly labeled. All strong, healthy plants, from 2 1-2 inch pots, by mail or express.

These are selected from among our very best and most beautiful Roses, and will surely please any lover of fine Roses. See the price when you select them.

I make this offer in order to get the newer Roses established among my trade.

Following are the names and regular catalog price.

La France—The oldest and best of the Hybrid Teas; deliciously fragrant, very large, full, round globular form, extra fine. Price 10c., 2-years, 25c.

Cherry Ripe—Light rosy-crimson, similar in color to Alfred Colomb; well formed and globular; free as a Tea Rose; vigorous and hardy. 15c., 2-year-old, 35c.

Crown Princess Vicoria—(White Malmaison) The color is a pure waxy, snow white, never pink, and to those desiring a fine double flower when fully expanded this will meet their wants as it is very beautiful when in full bloom. 15c., two-year-old plants, 35c.

Duchess of Albany—A sport from La France, retaining all of the characteristics of the type with the bloom three or four shades darker. 10c., 2-years, 25c.

Bougere—Fine old sort; color bright La France pink; never blights; always covered with perfect flowers. Try it. 10c., 2-years, 25c.

Maman Cochet—One of the best. It is of strong, vigorous growth; the flowers are large, of perfect form and produced on long, stiff stems. Color, deep rose-pink, the inner side of petals being silvery rose. 10c., 2 years, 25c.

Mad. Caroline Testout—A charming variety of the La France type; flowers large and double; color bright satiny-pink, with rose center; strong grower, free flowering and very fragrant. 15c.; two-year-old plants, 35c.

Jules Finger—Extra large and finely formed flowers; full and fragrant. Color beautiful rosy scarlet, beautifully shaded with crimson. Vigorous grower and free bloomer. 10c.; 2-years, 25c.

Mrs. Robert Garrett—Best of the Testout family; color a magnificent glowing, soft pink, a color which shows to advantage under any light. 15c.; two-year-old plants, 35c.

Souvenir de Pierre Notting—This variety is a seedling from M. Neil and Maman Cochet, with beautiful closely set foliage. The bloom is very large, perfectly full, of elegant form, has a beautiful red bud; the colors are very bright, distinct and clear, and have no unpleasant tones; orange yellow bordered in carmine-rose. Price 15. each; two-year-old plants, 35c.

Savoy de Wooten—Flowers rich crimson color; unusually fragrant. A splendid variety for open air culture and for cut flowers. 15c.; 2-years, 35c.

White Maman Cochet—Identical with Maman Cochet, except the color is white; very desirable. Best white rose grown. 10c.; 2-years, 25c.

REMEMBER—The above 12 Roses are from two and one-half inch pots, for \$1.00, or strong two-year-old plants, from four inch pots for \$3.50. Satisfaction guaranteed.

In ordering ask for Jackson's set of 12 Roses.

J. E. J.

ROSES

No flower is so universally popular as the Rose, the "Queen of Flowers." It is everywhere wanted and always admired.

THE demand for roses is increasing every year, and I feel justified in stating that my collection is unsurpassed.

Roses will grow in any ordinary fertile ground, but they are particularly fond of a heavy soil, liberally enriched and well cultivated. The ground should be well spaded and pulverized to the depth of a foot or more, and enriched by digging in a good coat of any well-decayed manure. When the ground is thoroughly prepared, fine and in nice condition, put in the plant slightly deeper than it was before, and cover it with fine earth, taking care to draw it closely around the stems and pack firmly. It is important that the earth be tightly pressed on roots; water immediately after planting, so as to settle the soil, and if hot or windy, it may be well to shade for a few days. The ground should not be allowed to bake or become hard, but should be stirred frequently with hoe and rake so as to keep light and mellow, as well as free from weeds and grass. The proper time to prune is early in the spring before growth has commenced; no exact time can be given, as that depends on the locality. The Hybrids must be cut back severely. They bloom best on strong, new wood. In pruning the Ever-blooming Roses, all winter killed branches should be removed, also the wood which has become exhausted after several years' blooming and younger shoots should be allowed to take their place.

BRIDE.

General List of Ever-Blooming Roses

THE PLANTS OFFERED IN THIS LIST are all well grown and strong, according to varieties. Always remember that some varieties, and often the finer one, are of dwarf habit. I name only the most popular, vigorous and free blooming Roses, but can supply any others.

Strong Plant from 2½-inch pots, 10c each; 7 for 50c; 15 for \$1.00. Our selection of varieties (many from the new and scarce list), 20 for \$1.00. Strong 2-year plants, 25c each; \$2.50 per dozen.

Archduke Charles—Brilliant, crimson-scarlet shaded with violet-crimson; large double and sweet; a splendid Rose.

Augustine Guinoisseau—(White La France). Another distinct sport from La France, identical in habit, form and vigor, but in color it is a delicate blush at the center, growing lighter and lighter, until along the edge it is almost pure white.

Ban Silene—This splendid old variety still holds its own against many of the new sorts. Noted for its buds; color, rosy carmine, shaded salmon; sweet and beautiful.

Bridesmaid—A fine, clear, dark pink, the counterpart of Catherine Mermec in every particular excepting that it is deeper in color.

Burbank—A free-flowering ever-bearing Rose raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name. Color, deep pink.

Baronne Berge—A fine grower, flower medium to large; double; color bright rose with center of yellow.

Bride—White with delicate flush on outer petals; very beautiful in bud or open flowers; blooms profusely.

Bougere—Fine old sort; color bright La France pink; never blights; always covered with perfect flowers. Try it.

Christine de Neve—Color crimson; fine buds and quite double.

Countess Anna Thun—It is of immense size and most lovely and perfect form. Color, a beautiful citron yellow with copper and peach center, shading to orange-salmon and silvery pink.

Clothilde Souper—Medium size; full round flowers, beautiful pinkish amber or cream, delicately flushed with silver rose.

Catherine Mermet—Bright flesh color, full and finely formed; decidedly one of the finest Teas.

Countess Eva Starhamberg—The bud is long in form, opening into fine double flower of great beauty and heavy texture; color, creamy yellow, shaded to ochre at the center, borders of the petals touched with rose.

Countess de la Barthe—Few Roses equal this in freedom of flowering. None surpass it in either fragrance or vigor. The flowers are richly shaded amber and salmon.

Countess Riza de Parc—Coppery Rose, tinted with soft velvet-crimson. The flowers are large, full and very sweet. A profuse bloomer.

Coquette de Lyon—Canary yellow, very pretty and a free bloomer.

Cornelia Cook—This beautiful Rose is in great demand for its magnificent buds, which are large, perfect and pure white.

Champion of the World (Mrs. De Graw)—This Rose has all of the good qualities of an ever-bloomer. It is quite hardy and possesses that delightful, old-fashioned Rose fragrance so much sought after in an everblooming variety.

Charles Rovelli—Large, fine flowers; color a lovely shade of silver rose; sweet and beautiful.

BOUGERE.

Devoniansis—(Magnolia Rose)—A most beautiful Rose, with a large shell-like white petal, the tips and inner surface delicately flushed with rose; delightfully sweet.

Duchess de Brabant—Soft, rosy pink petals edged with silver; an extra good bloomer; sure to please.

Duchess of Albany—A sport from La France, retaining all of the characteristics of the type with the bloom three or four shades darker.

David Pradle—The flowers are produced in wonderful profusion on long, straight shoots, double to the center. The color is an exquisite blending of lilac and rose, with a delicate rich crimson center.

Enchantress—A large, fine flower, of globular shape; creamy white, tinted buff at the center. Plant a strong, healthy grower; tree bloomer.

Etoile de Lyon—Beautiful chrome yellow deepening at center to pure golden yellow; one of the best.

Francois Dubreuil—Large, bright crimson with velvet shadings. A fine tea Rose.

JULES FINGER.

Henry M. Stanley—The color is a rare shade of amber rose, delicately tinted with apricot yellow to clear buff rose. The flowers are extra large, finely formed, full and fragrant.

Hermosa—Bright rose color; constant bloomer. One of the hardest Roses.

Ivory or White Golden Gate—Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new Rose Ivory is like when it is described as a pure white Golden Gate, a sport from that variety.

Isabella Sprunt—Bright canary yellow; beautiful buds; very fragrant and free.

Jules Finger—Extra large and finely formed flowers; full and fragrant. Color, beautiful rosy scarlet, beautifully shaded with crimson. Vigorous grower and free bloomer.

Kaiserin Augusta Victoria—A vigorous grower; flowers large to extra large, and very double; imbricated. Color, creamy white, with shining center of yellow. None better.

La Pactole—Pale sulphur color; beautiful buds; sweet tea scent. A splendid Rose.

Louis Philippe—Rich, dark, velvety-crimson, profuse bloomer. This is an excellent bedding Rose.

Gruss an Teplitz—As a bedding Rose this is one of the finest. Color scarlet, shaded to velvety crimson; the freest grower and most profuse bloomer of any ever-bloomer; foliage is beautiful, all the younger growth being a bronzy plum color.

General de Tartas—A first-class Rose for bedding, brilliant carmine, large size; very double, full and fragrant.

Golden Gate—Flowers are large, very double and full. Color, rich creamy white, tinged and shaded with yellow; petals large, broad and frequently bordered with clear rose.

Green Rose — *Virdeflora*—Flowers quite double, pure deep green, a great curiosity and a good bloomer.

Gardenia—One of the prettiest Garden Teas; is fine in foliage, very free in bloom. Its buds are slender and pointed, as they open showing a flesh-pink center surrounded with snow-white. The open flower recurves its petals, which are of a heavy texture, and its form at once shows the origin of its name, while the color now is the purest paper white.

Graziella—A quick, free and heavy grower. Commences to bloom early and continues through the season. Large, finely formed flowers. The color is creamy white, clouded with a faint blush.

La Princess Vera—Flowers are large and double; color, white or coppery yellow, delicately shaded with pale blush.

La France—The oldest and best of the Hybrid Teas; deliciously fragrant; very large, full, round, globular form; extra fine.

Lucullus—(The Black Rose)—Splendid, large, rich crimson; extra full and fragrant, very double and a constant and profuse bloomer. Excellent for bedding and garden culture.

Marié Guillot—One of the standard varieties of Tea Roses; splendid for any use; especially desirable for summer rose beds; color, pure white.

Malmaison—Rich, creamy flesh, changing to lovely fawn with rose center; very large, perfectly double and exceedingly sweet.

Marie Van Houtte—A lovely Rose; color, white tinged with yellow; delicately shaded with pale rose on outer petals; full and double; sweet tea scent; extra good Rose.

Mareuil de Vincennes—The color is a novel shade of rich crimson, with center and base of petals creamy yellow; exquisitely tinted salmon and fawn; very sweet and a constant and profuse bloomer.

Maman Cochet—One of the best. It is of strong, vigorous growth; the flowers are large, of perfect form and produced on long, stiff stems. Color, deep rose-pink, the inner side of the petals being of silvery rose.

Mosella—(Yellow Souper)—This is really an elegant Rose. The center is a deep orange yellow, shading to lighter lemon-yellow on edge of petals. It is a remarkable free bloomer; flower large and will please everybody.

Meteor—A rich velvety-crimson bright and striking; a constant bloomer, very sweet.

Mad. Welch—Beautiful amber; delicately tinged yellow.

MAMAN COCHET.

ETOILE DE LYON (See Page 4)

Muriel Graham—The latest addition to the C. Mermet family, being a sport from that fine variety—identical with it in everything except color, which is creamy white suffused delicate pink, a color intermediate between Mermet and Bride, and as dainty as possible to imagine.

Mad. Cecil Berthod—Beautiful buds, very large and full; delicious tea fragrance; deep clear yellow.

Mad. Margottin—This is a grand Rose; always a favorite; very large, perfectly double flowers; elegantly perfumed; color beautiful dark citron yellow, with red center.

Mal. Schaefer—The color is a bright, rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are elegant for cutting.

Mal. de Waterville—Color beautiful creamy-yellow, tinged with rosy-blush; large, shell-like petals, having bright crimson-shaded border.

Mad. Ange Veyssey—(Striped La France)—A magnificent Rose. Identical in all respects with its parent, La France, except in two particulars; is much stronger in growth and the flowers are beautiful striped and shaded with a delicate white.

Mrs. DeGraw—(Champion of the World)—A fine ever-blooming, hardy garden Rose of vigorous growth; flowers of medium size; color, rich, glossy pink. Very fragrant.

Mad. Lombard—A first-class Rose; extra full flower, double and sweet; beautiful rose color; tinged salmon and buff; buds and reverse of petals crimson.

Mrs. B. R. Cant—A splendid new garden Rose; solid, even color; clear, bright rosy pink; large size, perfectly double and full; heavy bloomer, particularly fine in the fall, and is a clean, handsome grower.

Mad. Jean Dupuy—A lovely high-class Rose; color fine creamy pink with golden center; outer petals edged with red; large, fully double and very sweet; a constant and abundant bloomer; almost thornless.

Madam Caroline Kuster—Pale orange yellow, clean and distinct; very desirable.

MADAME JENNY GUILLEMOT (See page 11)

Mad. Francisca Kruger—Deep yellow, sometimes rich and glowing, and at other times dark; with shadings of copper and rose; large and double; strong habit.

Mad. Laurette Messimy—A fine bedder and constant bloomer; large size flower; bright china-pink; with rich coppery-yellow shadings.

Princess Venosa—Flowers large and beautifully formed. Color, nankeen-yellow, with shadings of carmine; a most remarkable combination of colors.

President—Splendid, large flowers and buds, very double and full; color soft rose; good.

Papa Gontier—One of the most fashionable Roses, similar to the old Bon Silene in its delightful fragrance, but larger, more double and far richer in color.

Princess de Sagan—A very strong, vigorous growing Rose; the color is fine, dark velvety-crimson.

Queen Scarlet—A constant and profuse bloomer; color, rich velvety-scarlet.

Regulus—Large, perfect form, brilliant carmine with rose shadings.

Souv. de Mad. Pernet—Salmon pink, base of petals shaded with yellow.

Sylph—White, tinted peach; large, with deep, stiff petal; erect, free habit, very free in bloom. Very hardy for tea and the flowers last well.

Mad. de Vatry—We consider this variety to be not only one of the brightest, but one of the very best and most satisfactory Roses for general planting. It makes big, clear buds and opens well, showing to great advantage. The color is a rich crimson-scarlet, bright and beautiful. Blooms freely and constantly, grows strong and healthy.

Mad. Jos Schwartz—An excellent Rose, extra large globular flowers. Color, white, beautifully tinted with pink; vigorous grower and free bloomer.

Mad. Camille—Delicate rosy-flesh, changing to salmon-rose; immense double buds; fine tea fragrance.

MRS. B. R. CANT.

Snowflake—A lovely white Rose and the finest flowering white rose we have seen. For a pot plant it cannot be excelled.

Safrano—Bright apricot yellow, tinted with rose, valued for its beautiful buds.

Souv. de Germain de St. Peirrie—Very showy and attractive; color, bright, purplish-crimson, very vivid and striking; constant and protuse bloomer; large and sweet.

Striped La France—(See Mad. A. Veysset.)

Triumph de Pernet Pere—Flowers extra large, having broad, thick petals and long buds, with delicious tea fragrance; color, fine bright red.

The Queen—A vigorous, healthy grower, and very sweet; pure white.

White Soupers—We have given this Rose and excellent trial. The buds are of large size, the flowers full, double and deliciously fragrant, pure porcelain white with deep center.

White Bon Silene—This elegant variety is valued for its buds which are identical with *Bon Silene*, except in color, which is pure white. It is a sport from *Bon Silene* and has the same vigorous habit of growth.

White Maman Cochet—Identical with *Maman Cochet*, except the color is white; very desirable. Best white rose grown.

White Bougere—The flowers are large, deep, full and double; long stiff stems and borne throughout the season in great abundance; color pure ivory white.

White La France—(See Augustine Guinoiseau).

Yellow Soupert—(See Mosella).

WHITE COCHET.

We always add extra plants in express orders to help defray the express charges, and in mild weather we use light baskets for packing.

I am satisfied that February and March is the best time for Spring planting of Roses, or as soon after freezing weather as possible.

Please Note

Every Rose Plant I offer is grown from a cutting, (not budded or grafted) so that if killed down by a severe frost the shoots which are sent up from the roots are genuine.

Select, New, Rare and Scarce Roses

All Nice, Strong, Well-Rooted Plants, From 1 1-2 Inch Pots.

These Plants are at this date, August 1, 1911, rooted and growing in pots.

PRICE, 15c. each, except otherwise noted. Strong 2-year-old plants, 35c. \$3.50 per dozen, except where noted.

American Beauty—Good, strong grower, free bloomer, color, rich rosy crimson, very handsome, 20c.; two-year-old plants, 40c. each, per dozen \$4.00.

Alliance Franco-Russe—A strong sturdy grower and free bloomer, with flowers that are large, double and of the best substance, beautifully formed, while the color is rich yellow without a blemish.

Bess'e Brown—A Rose of transcendent beauty, totally distinct, and one of the largest and fullest we have ever seen; flowers profusely in open ground all the summer; color pure white, sometimes faintly flushed pink; petals enormous and of shell shape.

Betty—Coppery-yellow, overspread with golden-rose; glorious size and form of the Killarney type; vigorous, free and a protuse bloomer.

Blumenschmidt—Pure citron-yellow, outer petals edged tender rose. A sport from Mlle. Francisca Kruger, which it resembles in form and foliage.

Cherry Ripe—Light rosy-crimson, similar in color to Alfred Colomb; well formed and globular; free as a Tea Rose, vigorous and hardy.

Crown Princess Victoria—(White Malmaison)—The color is a pure waxy, snow white, never pink, and to those desiring a fine double flower when fully expanded this will meet their wants as it is very beautiful when in full bloom.

CROWN PRINCESS VICTORIA.

Francis E. Willard—A strong and vigorous grower and true ever-bloomer; pure snow white buds, and flowers are of the largest size and perfect form. Exceedingly fragrant.

Entente Cordiale—A charmingly beautiful rose of magnificent size and form; bud long and pointed, on long stiff stems. Flowers large and full, creamy white with sulphur center. 20c.; 2 years, 40c.

Etoile de France—The Gold Medal Rose of France, and claimed by the raiser J. Pernet Ducher, of Lyons, France, to be the finest Rose he has ever sent out. We believe with him that it has no superior. A very strong, vigorous grower, with handsome, green-bronzy foliage, and exceedingly free-flowering. The flowers are very large and borne on good, long, stiff stems; color a lovely shade of clear crimson velvet; very fragrant and keeps well.

I DO NOT SEND OUT ANY REPRESENTATIVES.

GEO. C. WAUD.

Frau Karl—Druschki—(The White American Beauty or Snow Queen)—An everywhere hardy, vigorous grower, with bright green leaves delicately veined; splendid long buds and magnificent snow white blooms with large saucer-shaped petals. Rightly named and deservedly a prize winner, 2 1-2 inch pot plants 20c.; 2-year-old plants, 50c.

Franz Deegan—This beautiful yellow Hybrid Tea is a fine grower. The outer petals are of about the color of Perle des Jardine; the inner petals a good orange shade, very deep and rich. It is a constant bloomer, opening its buds freely; a strong healthy grower, not subject to mildew.

George C. Waud—Color glowing orange vermilion, flowers large and full with high pointed center, and strong tea fragrance; growth very strong; very free in bloom. very free in bloom. 20c.; 2 years, 40c.

Remember

MY CATALOG IS FREE TO ALL WHO GROW FLOWERS,
EITHER FOR PLEASURE OR PROFIT. I WILL THANK
YOU FOR THE ADDRESS OF SUCH FRIENDS
LET ME SEND YOU 20 EVERBLOOMING ROSES FOR \$1.00
AND IF THEY DO NOT PLEASE YOU, RETURN THEM
AND I WILL REFUND THE MONEY.—J. E. J.

Hector MacKenzie—Deep pink, changing to silvery crimson, flowers large and full, of perfect globular form; both free and fragrant. Scored very high in the recent Parisian contest; most valuable bedder now before the trade. Strong and vigorous and very free flowering.

Helen Good—Helen Good is a genuine Cochet, being a sport from the world-famous variety Maman Cochet. It is identical in foliage, growth, size and shape of flower with Maman Cochet, its only difference being its color. It is a delicate pink, each petal edged deeper, resembling Golden Gate in color, and is totally distinct from Maman Cochet.

Helen Cambier—Strong and very vigorous, with beautiful foliage; flowers large and full, varying from rosy flesh and salmon to copper; an extra fine and showy variety.

Helen Gould—This is one of the strongest growing and freest blooming Hybrid Teas ever known. In color, is rich, glowing crimson, being equal to American Beauty in size and form. Buds long and pointed, forming full double blooms.

J. B. Varonne—Color a soft China-rose; changing to bright carmine of even shading. An extra good rose and very sweet.

Jean Note—Chrome-yellow center, deepening to reddish-orange, edges of petals creamy yellow; large and full, extreme beautiful. 20c.; 2 years, 40c.

Killarney—A splendid new Rose, beautiful pointed buds, and extra large flowers; bright coral pink, very fragrant; and beautiful.

La Galissiere—Bright, deep pink; bud very large and full; extremely free; a rank grower; strongly recommended as a first-rate bedder; the bloom is enormous. Very full, and of magnificent form. 20c.; 2 years 40c.

Lady Battersea—This variety has long pointed buds of the largest size and very striking in form; the color is bright cherry crimson; the stems are stiff and exceedingly long; a vigorous grower and free in bloom.

Lady Mary Corry—Growth vigorous and erect, branching habit; blooms of good size, freely produced and perfectly formed; color, yellow; distinct and fine.

La Detroit—The color is shell pink, shaded soft rose, the outer petals cream color, with fragrance like Bon Silene.

Madam Abel Chatenay—A great rose of extraordinary merit. A free bloomer with flowers of good size, rosy carmine with darker shadings; full double and of splendid substance.

Madame Jenny Guillemot—Deep saffron-yellow, opening canary with dark golden shadings; buds long and pointed; petals and blooms immense. A very beautiful and upright grower and free brancher.

KILLARNEY.

Mrs. Robert Garrett—The best of the Testout family. The color is a magnificent glowing, soft pink, a color factly formed; color, yellow; distinct and fine.

Mad. Caroline Testout—A charming variety of the La France type; flowers large and double; color bright satiny pink with rose center; strong grower; free flowering and very fragrant.

Madame Leon Pain—Robust growth; flowers large, full and free in opening; silvery-salmon, center, orange-yellow, reverse side bright red and yellow, bearing a great profusion of exceedingly large brilliant Roses.

Mme. Segond Weber—Rosy salmon, one of the greatest novelties of recent years; the bud is long and pointed, opening into an enormous bloom which deepens in color until fully expanded, when it is as impressive as an *American Beauty*; a fine, strong grower. 20c; 2 years, 40c.

OUR ROSES ARE ALL HOME GROWN, CONSEQUENTLY ARE BETTER SUITED FOR OUR HOT CLIMATE. SATISFACTION GUARANTEED. REMEMBER, ALL MY ROSES 10c ONES AS WELL AS TWO-YEAR-OLDS, BLOOM FREELY THE FIRST YEAR THEY ARE PLANTED.

ETOILE DE FRANCE (See Page 9.)

Madam Jules Grolez—An exceedingly splendid new variety with very bright, large and nicely formed flowers; color, a distinct and charming shade of satin pink.

My Maryland—This splendid Rose is destined to become one of the most popular varieties in cultivation. The flowers are large, full and double, and perfectly formed. The color is a most distinct and beautiful pink. One of the really great Roses.

Perte des Jardins—This Rose will retain its position as the finest of its colors ever introduced. Highly perfumed; beautiful golden yellow.

Princess Bonnie—Deep red with band of white down center of petals; buds long and pointed; semi-double;

plant is continually full of buds and flowers. A fine Rose for out-door bedding and massing.

Richmond—Color, fine red. Produces freely throughout the season, long pointed buds, elegant dark foliage. Has as delicious a fragrance as American Beauty. Was awarded the silver cup at the World's Fair for the best seedling. 20c.; strong two-year-old plants, 40c.

Rhea Reid—This is the new red forcing Rose. Flowers large and double; very free blooming and exquisitely fragrant, rich, dark velvety red. The best of all red garden Roses to date. Better plant this one and get acquainted with it.

Sow. de Wooten—Flowers rich crimson color; unusually fragrant. A splendid variety for open air culture and for cut flowers.

Mme. P. Euler—Very large flower on a long stem; very full and very lasting; form perfect; delightfully fragrant; a very free flowering rose, on strong canes, after the style of *American Beauty*; color, deep rose. 20c.; 2 years 40c.

Molly Sharman-Crawford—Strong, vigorous and branching in habit, flowering profusely and continuously, blooms large and perfect; grand for bedding purposes, and should have a thorough trial by all rose growers; color, snow white; a magnificent rose 20c.; 2 years, 40c.

Florence E. Couthwaite—An exquisitely beautiful bedding variety that can be classed as a substantial "fancy;" the blooms are large and full, of perfectly imbricated form, the edges of the petals beautifully ruffled. Color, deep cream, washed over with bright rose, producing a luminous effect which is very beautiful; form excellent. 20c.; 2 years, 40c.

Magnafrano—This Rose is becoming popular because of its splendid crimson-scarlet color and magnificent buds. The flowers are large, very regular, full and double, and deliciously sweet.

Madame Badin—A fine variety. Flowers large and full; color bright carmine; habit of growth and bloom free.

Mrs. Jardine—One of the greatest forcing Roses under glass, as well as a first-class garden Rose, two characteristics which few varieties possess. The flowers are large and of perfect form and produced on every shoot. Bright, rosy pink, shading on outer petals to salmon-pink.

I HAVE A LARGE STOCK OF TWO-YEAR-OLD ROSES THAT BLOOMED FREELY ALL LAST SUMMER AND YOU WILL DO WELL TO TRY THEM IF YOU WANT GOOD AND QUICK RESULTS.

Souvenir de Pierre Notting—This variety is a seedling of M. Neil and Maman Cochet, with beautiful closely set foliage. The bloom is very large, perfectly full, of elegant form, has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones; orange yellow bordered in carmine rose.

Sunset—The color is a remarkable shade of rich golden amber; elegantly tinted and shaded with dark, ruddy copper.

Sunrise—The most gorgeous Rose of its class yet introduced. In close bud form it shows the high, brilliant colors seen only in the Austrian copper scarlet and yellow; as it opens, the color deepens, the scarlet turning to deeper red, the yellow to orange and copper, the inside of the petals golden yellow. The open Rose is large, double and of grand form; the foliage is glossy and the darkest and most beautiful found among Roses.

Souv. de President Carnot

This is an ideal Rose, combining strong, vigorous growth with long-stemmed, large flowers of great substance. A grand garden rose. Color, light pink; edge of petals, flesh color.

Souv. de Jean Cabaud—One of the greatest Roses ever offered; extra large, full and double; wonderfully colored; outer petals copper yellow; center, apricot and carmine.

Viscountess Folkstone—Always scarce; a gem among Roses. Very large; color, white illuminated with shell pink.

Winnie Davis—The color is difficult to describe. In small buds it is reddish, developing into a yellowish pink shaded to salmon; when fully open resembling a sunburst, not found in any other Rose. A profuse bloomer.

William R. Smith—(Maiden's Blush)—Creamy-white with shadings of pink; a seedling from Maman Cochet and Kaiserin Augusta Victoria; beautiful in form and color; glossy foliage; long stiff stems; vigorous in growth; a superb summer bedder and hardy.

RHEA REID.

White Killarney—An offspring of the famous pink Killarney as described above; identical with it, except that the flowers are pure white.

Wellesly—Bright, clear, salmon-rose, reverse of petals silvery-rose; retains the form of Liberty and the fullness of Bridesmaid, its parents; tall stiff canes; vigorous, healthy and free.

Yellow Cochet—(Madame Derepas-Matrat)—A pure Tea, hardy and free grower in character, withstanding ten degrees below zero. It throws up fine, strong stems, crowded by solitary buds of grand size; the color is a good sulphur yellow; blooms very large, perfectly double, splendid form, and freely produced. It has every quality necessary to make the ideal yellow bedder, ranking with the White and Pink Cochets in value as a summer Rose.

PLANTS SHOWN IN THIS LIST ARE SAME SIZE AND QUALITY AS OUR 10-CENT ROSE, SEE CUT, PAGE 1. TRY 20 EVERBLOOMING ROSES OF MY SELECTION FOR \$1.00. THEY ARE ALL FINE AND WILL BE SURE TO PLEASE YOU. ALL PLAINLY LABELED AND NO TWO ALIKE.

THE NOISETTES AND CLIMBING TEAS ARE INCLUDED IN THIS CLASS, WHICH IS ESPECIALLY VALUABLE IN THE SOUTH FOR COVERING PORCHES, ARBORS, TRELLISES AND THE LIKE.

THE PLANTS OBTAIN GREAT LUXURIANCE IN OUR CLIMATE.
All Nice, Strong Plants, Well Rooted, from 2 1-2 inch Pots. Price Except otherwise Noted, 10c. each, \$1.00 per Dozen. Strong 2-year-old Plants 25c. Except otherwise Noted.

Dorothy Perkins—Flowers are borne in large clusters, are very double, with prettily crinkled petals; remarkably pretty pointed buds, beautiful clear shell-pink in color, lasting a long time without fading.

Climbing Mlle. C. Testout—An exact counterpart of C. Testout, except that it is a very vigorous climber, 15c. Two-year-old plants, 35c.; \$3.50 per dozen.

Climbing Marie Guillot—Of a semi-climbing habit, and is identical in bloom with Marie Guillot, the loveliest of all white roses in bloom. It is worthy of a place in any flower garden.

Estel Pradel—(Zelia Pradel)—Lovely, fine white buds; full and sweet; a profuse bloomer and strong grower.

Climbing Malmaison—A climbing form of the old favorite; very valuable on account of its color, 15c.; 2-year-old plants 35c.

Climbing Rose, May Queen—A vigorous growing climber, with handsome foliage, and a profuse bloomer; extra large, round flowers; delightfully scented and borne in large clusters; color, clear coral pink; very bright and handsome.

Climbing Kaiserin, or Mrs. Robert Pear—That most remarkable new Rose of recent introduction. An offspring of that grand variety Kaiserin Augusta Victoria, 15c.; 2-year-old, 35c.

Climbing Clothilde Souper—Same as the old Clothilde Souper, except that it is a fine climber; bloom identical and just as free.

Climbing Wooten—A climbing variety of this fine red rose that is bound to be very popular. A strong, rapid grower, throwing long, thick canes and bearing large clusters of true Wootens; will be of the greatest value as a free blooming red climber, 15c.; 2-years, 35c.

Celine Forestier—Pale sulphur yellow; large, full flowers; perfectly double; very pretty, 15c.; 2 years, 35c.

Climbing Bridesmaid—Identical with Bridesmaid in every respect.

Cloth of Gold, or Chromatella—A clear, golden-yellow; large, very full and double; highly fragrant; much prized in the South for pillars and verandas, 15c.; 2-year-old, 35c.

Climbing Meteor—A rich, velvety-crimson; very bright and striking; a continuous and profuse bloomer; very beautiful, 15c.; 2-years, 35c.

Climbing Deconensis—White, flushed pink; magnolia fragrance, 15c.; 2-years, 35c.

Crimson Rambler—The only one of the set of the four Ramblers that is worth its room.

James Sprunt—(Climbing Agrippina)—A rich, dark crimson; very strong grower.

Lamarque—Pure white, with lemon-colored center; a good grower.

Mary Washington—Flowers pure white; very sweet and produced in large clusters from early spring till frost. It is a strong grower and quite hardy.

Marginal Veil—The grandest Rose of any kind or color. The immense size and dark yellow-golden color of Marginal Veil flowers are familiar to all, 10c., 15c., 25c., 35c. and 50c.

CLIMBING ROSE.

Madam Jules Gravreau—A splendid new Rose highest value. Makes long-pointed buds and extra large, double flowers of excellent substance. Color, a pretty shade of chamois yellow, with rosy peach center; very beautiful and a free bloomer, 15c.; 2-year-old, 35c.

Pillar of Gold—The color is a deep yellow, flushed with coppery yellow. Reverse of petals shows touches of bright rose. If you have seen the deep yellow of Mad. Francisca Krueger in the fall, then you get an idea of the deep golden yellow of this Rose. At times it is variable in color, coming in beautiful Bridesmaid pink. Base of petals deep golden yellow. The blooms are double to the center, large size. Price 15c.; 2-year-old plants, 35c.; \$3.50 per dozen.

Palmatella Crimson Rambler—This now famous variety differs from the old Crimson Rambler in having brighter, deeper and more intense crimson color. Blooming earlier than the Crimson Rambler, it has the additional advantage of being entirely free from mildew. Flowers perfectly double and of excellent substance.

Rose Mamie Henriette—Clear cherry red. A strong vigorous grower, 15c.; 2-year-old plants, 35c.

Solfaterre—Sulphur yellow; large, full, handsome.

William Allen Richardson—Orange-yellow; outer petals lighter, center coppery yellow; strong grower; good bloomer.

MARGARET DICKSON.

Hybrid Perpetual Roses

All Roses of this Class are perfectly hardy. The flowers are very double and of the most gorgeous and dazzling colors, but they do not bloom perpetually as their name would lead one to suppose. They will give one grand crop of bloom in the spring, and some sorts bloom occasionally in the summer and fall.

Price, from 2 1-2 inch pots, 15c. each, \$1.50 per dozen, two-year-old plants, 25c., \$2.50 per dozen, except where noted.

Captain Christy—Delicate flesh color, deepening toward center.

Jubilee—Rose of wonderful beauty, bearing large flowers 5 and 6 inches across; very full and double; buds long and graceful; color, glowing velvety-crimson; fragrance delicious.

Giant of Battles—A fine, rich red Rose.

Magna Charta—Large, deep pink.

Madam Charles Wood—A true perpetual bloomer; flowers large, very double and full, and quite fragrant; color, bright cherry-red. One of the best Roses ever introduced for general planting.

Mad. Masson—Flowers as large as American Beauty, and same color—A deep rose or bright red; highly perfumed; a constant and true bloomer. Fine.

Margaret Dickson—Pure waxy-white flowers of magnificent form and size, with large well-shaped petals and pale flesh center; produced singly on long, stiff stems;

vigorous and absolutely hardy. 2 1-2 inch pot plants, 25c.; 2-year-old, 50c.

..Prinze Camille de Rohan—This variety is always a prime favorite with everybody; richest crimson.

Roger Lanberlin—One of the most remarkable Roses; petals irregular on edges like double Petunia; color glowing crimson throughout except edges of petals which are all distinctly marked with a broad white band, forming a sharp contrast and the most unique combination of colors known in Roses.

Paul Neyron—Flowers immense; probably the largest Rose grown, and one of the finest; color deep pink; very double and full; finely scented, with no suspicion of coarseness.

Ulrich Brunner—Extra large, bold flower; full and globular; color rich, glowing crimson, elegantly flamed with scarlet.

CHRYSANTHEMUMS

If You Leave the Selection to Us You are Sure to Get Prize Winners
We always give you the kind that will make you call on us again

How an Amateur May Grow Chrysanthemums

The first important item in growing potted Chrysanthemums is the proper preparation of the soil. One-third manure and two-thirds sod, stacked together and rotted (must be thoroughly rotted), and run through a coarse sieve is best. To one bushel of this soil a double handful of pure "bone-meal," one handful of lime and one of wood ashes, and you are ready for potting. Drainage is of most importance, for without it the surplus water will sour the soil, the root will decay, and all your labor will have been in vain. About April 15 to May 1, get good, healthy plants, from some reliable florist, and repot them at once in 3 1-2 or 4 inch pots, and when the pots are filled with roots, repot into six-inch pots, and from these, when filled with roots, into 9 or 10-inch pots.

In making the final shift, leave 1 1-2 or 2 inches of space at the top of the pot to receive water, and later on, when the buds appear, this space can be filled with manure to act as a stimulant. Immediately after the last potting, plunge the pots in the ground up to the rim, place your pots in rows 2 feet apart by 1 foot, and water only when it is needed. Never allow the soil to become dry enough to wilt the plant. With a soft cord fasten the plant to a small, neat cane-stake plunged deep enough to make steady, and if the branches are inclined to fall over, tie around the plant a cord which will act as a hoop and keep it in shape.

If a bushy plant is desired, when the plant is about six inches high, pinch out the top; this will cause other branches to appear, and when these branches are 4 or 5 inches long, pinch the top out, and so on until July 15, when you must give the final pinching. At this season you can begin to feed your plants with manure water, made by putting a shovelful of cow manure into a half barrel of water. Give this once a week until the buds begin to form; then you can increase to twice a

week. As the buds begin to swell, give it three times a week until the buds begin to show color; then give it once a week and as the buds begin to unfold withhold all stimulants. I omitted to say that soot water is good, given, say, once in two weeks in place of manure water. Now to grow fine flowers on long stems, you must watch the plant, and as soon as the buds are large enough you must remove all as fast as they appear, except the largest and strongest bud on the end of each branch; also remove all buds that appear at the junction of the leaves, and fine, large flowers will be your reward.

Now, as to the plants grown in the open ground, it is best not to have it too rich; prepare as you would for your vegetable garden. In case you have some plants that stood over winter and they come up in clumps, you must take them up and plant them, only one sprout in a place.

I will tell you how I grow some of my finest blooms. I prepare the ground as above stated, and then plant in rows 2 1-2 feet apart and 6 or 8 inches apart in the rows, and train plants to one flower each. Place stakes 11 inch thick and 4 feet high, 17 feet apart in the rows, and fasten to these stakes by giving a cord one turn around each stake. Three cords, 12 inches apart will be necessary, the first one 12 inches from the ground. Stretch them from one end of the row to the other, and tie the plants to these cords as fast as they grow up to them. Keep up a high state of cultivation, and water if needed during dry, hot weather. When the buds appear take all off except one to each plant as fast as they appear. At this time give them manure water (same as used for pot plants) about every ten days until they show color, then leave off the manure water, but don't allow them to get too dry. Follow this treatment and kindly let me know the result.

Standard List of Chrysanthemums

Price 10c Each; Purchaser's Selection, 15 for \$1.00; 7 for 50c; My Selection 20 \$1.00; 50c for 10. All correctly labeled. Plants ready to go out March 15th.

The following varieties have never failed to win First Prizes wherever shown:

Mrs. G. M. Pullman

A. J. Balfour—Lovely shade of bright rose similar to Perrin in color and form. Dwarf, short-jointed growth. Well adapted for exhibition and commercial purposes.

A. T. Stevens—Golden Yellow with a shade of apricot. This is very dwarf and is splendid for pot work. Useful for any purpose. Height 3 feet. Takes crown August 20 and later.

Beatrice May—Snow white, sometimes flushed pink. 4 1-2 feet. Bud August 10 to 15. Blooms October 20. This is the best white of its date; a splendid commercial and exhibition variety.

Black Hawk—The darkest crimson yet. V. Morel form.

Brutus—Large, handsome flower, very bright red, shaded with orange. Ideal growth. One of the best for bush or specimen plants.

Cullingfordii—Enormous flowers; dark rich crimson; makes superb specimen plants when well grown.

Cheltoni—Bright yellow sport from Nellie Pockett; a winner every time.

Chito—A good back-row flower for exhibition collections. Strap petals; yellow ground with fine red stripes giving it a bronzy appearance.

Col. D. Appleton—A large Japanese incurved yellow, of fine finish and form. The color, a deep yellow, is of an even shade. Excellent stem with foliage to the flower. Mid-season.

Dr. Enguehard—A Japanese incurved. One of the best introductions of recent years. It has been awarded highest honors wherever exhibited. Color, a true pink, without the slightest trace of purple. Stem and foliage perfect. Equally valuable for exhibition or commercial purposes. Perfectly double.

Edgar Sanders—This variety hereafter will occupy a very prominent place on the exhibition table on account of its large size, artistic form and peculiar color, dark bronze, with broad, incurving petals, showing the reverse only. Received first prize as best bronze.

Fisher's Torch—Pure, deep red of entirely new shade. Full. All one tone of color. Does not burn.

Golden Wedding—Richest golden yellow, intense and dazzling in color.

Golden Gate—Old gold and tawny yellow. Quite distinct. Full center. The size is immense, the color grand.

G. F. Moseman—Buff without and bright red within.

Golden Age—Intense yellow Jap. with heavy foliage and stiff stem; an ideal commercial variety; height 4 feet; crown or terminal.

Harry A. Parr—Japanese, lemon-yellow, twisted petal. A strong grower with faultless foliage and stem. Flower forms a perfect ball.

Indiana—Immense, full, globular flower, nicely incurved and finely finished. One of the very largest varieties. Pure pink, with a lighter shade outside.

Ivory—A pure white flower of globular form.

John K. Shaw—Ball shaped, incurved pink. One of the very best. Very strong grower, with exceptionally strong stem and foliage. An excellent keeper.

L'Enfant—White sport from Louis Boehmer. Strong grower. Fine bush plant. Ostrich plume.

Maude Dean—Extra large flower; petals broad and incurving; perfectly double and of great substance, pink, almost rose.

Modesta—Exceptionally meritorious. The finest yellow for exhibition or trade. Intense in color, unsurpassed in size.

Millicent Richardson—A massive flower, purple claret, with silvery reverse. Free, easy grower. A grand exhibition variety.

Minnie Wannamaker—One of the finest in the Chrysanthemum family, a grand white, in great demand.

Major Bonnaffon—Grand, incurved yellow of large size, full to the center, stem dwarf and erect.

Mrs. Coombes—An enormous reflexed flower, with broad petals. Color, a beautiful shade of bright rose. Very dwarf, short-jointed, with a large, luxuriant foliage. A splendid acquisition, either for commercial or exhibition blooms.

Mrs. W. B. Chamberlin—Outer petals drooping; center incurving. Color, a lovely shade of pink; distinct, both in color and form. Good stem and foliage.

Mrs. G. M. Pullman—A Japanese reflexed, large bloom of fine build, with long drooping petals of intense golden yellow color. Habit excellent.

Mrs. Peabody—A very large, pure white Jap. of fine form and finish.

Miss Minnie Bailey—A seedling from Mrs. Perrin, possessing good stem and foliage, but surpassing that variety in fullness, being fully double under all conditions. Color bright pink.

Mlle. Marguerite DesJouis—A snow-white French variety that shows promise as a commercial cut flower. Is evidently a keeper and shipper. The stem is fine and stiff and foliage good.

Mrs. Harry Emmerton—A grand variety for exhibition collections, owing to its large size. Color, light yellow. Of very easy culture.

Mrs. Wm. Duckham—Undoubtedly the best exhibition novelty of the year. Immense Japanese blooms. In color a bright yellow at maturity. As a keeper and shipper it has few equals, and its dwarf, free growth will add to its future popularity. Winner of the C. S. A. silver cup, also in other winning collections at Boston.

Mrs. J. J. Mitchell—A large Japanese incurved. Color, beautiful cream. The irregularity with which the petals incurve and interlace makes it a very artistic flower. Good stem and foliage.

Mrs. Jerome Jones—Grand stem and beautiful foliage. Quite dwarf. Beautiful waxy white, tinged rose. Broad incurving petals. Still one of the very finest.

Miss Alice Byron—A pure white variety, with very broad, loosely incurved petals. Dwarf and robust. Fine.

Mrs. Henry Robinson—Ready to cut October 14, and increase in beauty until November 1. In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. Immense, incurving, broad-channeled petals of great substance and of the purest white.

Mrs. W. C. Eagan—A grand exhibition variety, being of enormous size without being coarse. Color, creamy white suffused with lemon. A fine example of the Japanese incurved.

Mrs. H. Weeks—Beautiful, pure white, center incurving, outer petals gracefully reflecting. Prominent among prize collections.

Niveus—Grand white, of easy culture, valuable for all purposes. Can be flowered late.

Nellie Pockett—A grand, early, white Chrysanthemum of mammoth size. Creamy white Jap. with long drooping florets, curling at the tips, making a very solid, compact bloom on the style of Mayflower but very much superior. A fine, healthy grower with grand stem and foliage. Grand for exhibition purposes.

Polly Rose—Pure white sport from Glory of Pacific, and just as popular.

Silver Wedding—Purest white, very broad petals, reflexed, forming a bold, handsome flower. One of the most distinct varieties of the season. Certificate at Philadelphia show; certificate and gold medal at Chicago show.

Sunstone—Most pleasing and distinct in color combination. Petals hook up at end, showing light straw reverse; the upper surface is a bright yellow shading to red.

The Queen—Extra large, of a beautiful, half-globular form, with broad, incurved, shapely petals of great substance. Pure snow white.

Timothy Eaton—An enormous, globular Jap. Inc. variety of perfect form and growth. Color, pure white. It captured every prize for which it was entered; also C. S. A. certificate.

White Swan—This surpasses all of the whites of this section. Closely incurved, high built flower, and very heavily plumed.

Wm. Duckham—A very large Jap. Incurved, of a pleasing shade of pink. Winner of the C. S. A. silver cup. Early Crown.

Yellow Eaton—Bright yellow sport from Timothy Eaton. Considered better commercially than its parent. Good for all purposes.

New, Scarce and Desirable Chrysanthemums

Plants in this list 15c each; \$1.50 per dozen,
unless otherwise noted.

Ben Wells—An enormous, drooping Japanese. Color, blush white. One of the best for exhibitions. Takes early crown. 15c.

Dolly Dimple—Large, well-formed, late yellow variety; strong grower, with good foliage. 15c.

F. T. Quittenon—New 1911 Novelty—A deep crimson, every petal of which naturally reflexes, showing the color to the best advantage. This is a particularly strong grower, conforming in all respects to what is latterly considered the Wells-Pocket type, short jointed, heavy growth and perfect foliage. *F. T. Quittenon* does not burn a petal and, on that account alone, will rank well in the list of crimson. Do not take bud before August 15th, as earlier buds are so crowded with petals that they cannot properly develop. Price 25.

F. J. Taggart—The most striking novelty of all the hairy or plumed section; a great advance over this class, being perfectly double, and the hair-like filaments are more pronounced. Color, light yellow. Flower 8 inches in diameter; an exhibition variety of exceptional merit. 15c.

Golden Glow—Bright yellow, of velvety finish; fine stem and foliage. Flower 5 1-2 inches in diameter, elegant in form. The very best early yellow. 15c.

Glenview—An enormous incurving globe of dark bronze and clear red. Dwarf grower with stiff stem; easy doer; a magnificent sort for exhibition or for commerce as the color is very pleasing. 15c.

Gloden Eagle—Dwarf, easy doer; long incurving golden petals. 15c.

Howard Gould—New—Florets are long and grooved and the flower builds up into an enormous globe. Inside of the petal bright golden chestnut. Reverse, pure, deep gold. 25c. each.

Lady Carmichael—New 1911 Novelty—Pure white Japanese reflexed with perfect foliage and stem like an iron rod. This variety was really planted too late to be shown at its best. Next year it will unquestionably find its place very near the top of exhibition whites. Bud August 25th. 25c.

Lady Hopetown—A beautiful shade of heliotrope pink. Dwarf habit. Good either for commercial or exhibition use. 15c.

Maynell—Deep crimson, with bronze reverse; a successful show variety. 15c.

M. Louiseau-Rosseau—Enormous incurving pink in two tones of color; foliage grand, stem perfect; no neck. One of the most beautiful and imposing of the year.

Mrs. D. V. West—Grand Exhibition white, with broad fine florets that twist and curl into a most beautiful flower. We consider this variety A-No. 1 and every exhibition should have it. Bud August 15th. 15c.

Mlle. Jeanne Noin—Scored 98 and won the silver cup at Chicago. For Thanksgiving and later this has no rival. One of the largest size, perfectly globular finely finished, an easy doer, a splendid keeper and shipper. This variety is queen of commercial whites. 15c.

Miss Clay Frick—White sport from Wm. Duckham. Every "mum" grower knows the variety, Wm. Duckham; the sport above named is identical with the parent save in color, which is pure white. This variety won the C. S. A. prize for "best undisseminated variety" at the Chicago show. 15c.

Mrs. David Syme—A grand white that is booked to displace all of our other whites on the exhibition table. It carries the foliage right up to the flower stem absolutely perfect, and when taken on the bud about August 15th, produces a flower that is as near perfection in its color as it is possible to get. 25c.

Mrs. George Hunt—Large, soft, yellow Jap. Inc.; petals hooked in, similar to Philadelphia, and of same color; a dwarf, robust grower. 15c.

Midnight—Enormous, solid red Japanese bloom, densely covered with hairs. 15c.

ONUNDA

Mrs. J. C. Neville—An immense white Japanese of great substance, being 10 inches across and of proportionate depth. Wide drooping florets. 15c.

Moneymaker—Large commercial white incurving center and reflexing outer petals; very promising. 15c.

Mlle. Marie Liger—Closely incurving blooms of large size. The color is pearl pink, deepening to a bright pink, shaded at the base of petals. Stems are very stiff, fully covered with handsome foliage. 15c.

Onunda—New 1911—The largest Chrysanthemum that has ever been exhibited. It is 45 inches in circumference, with a stem fully equal to carrying the flower erect; color creamy white. 25c.

October Frost—Early October; the largest commercial white of its date. 15c.

President Taft—Japanese incurved petals of the purest white which closely incurve, forming a huge glistening ball. Stem and foliage ample, 4 1-2 feet. Best bud August 20, which matures October 25. A first-class white coming in with Col. D. Appleton, will be a welcome adjunct to the mid-season section. First-class certificate C. S. A. 15c.

Pocket's Crimson—The grandest thing in its color ever sent out. Crimson with a gold reverse, makes a flower 9 inches across. Splendid grower, foliage up to flower. Bud August 15th onwards. 15c.

R. F. Felton—The deepest possible shade of yellow. The flower is medium in size, stem and foliage perfect, the latter being carried right up to the flower and the flower itself never damps a petal under any conditions whatsoever. It will unquestionably make its mark as a commercial yellow as well as an exhibition flower. Every grower should try this sterling variety. 15c.

Reginald Vallis—Deep rose, with long narrow petals; a very striking variety. 15c.

Smith's Advance—New 1911—Pure white when fully expanded, showing a creamy center when semi-developed. This is the earliest large white variety ever known. Buds selected June 10th were cut July 25th, 5 1-2 inches in diameter with excellent stem, foliage and remarkable substance. The later buds for August and September gave larger and finer blooms, carried on stems 3 to 3 1-2 feet long. This, like Golden Glow, will produce blooms at any season of the year following an active period of growth. The lateral growths which follow the removal of early buds are not surmounted with terminal buds, as is the case with Golden Glow, but push forward and produce another crown. This course is continued until the natural time for terminals to set in Autumn. C. S. A. certificate. 25c. each.

Virginia Pochlmann—The flower is almost pure white, of good size, incurved, full petals overlying each other in center, making a perfect bloom; of very easy culture. 15c.

Wells's Late Pink—One of the finest things sent out in many years; flower is extra large, stem and foliage absolutely perfect. Exhibition and commercial growers alike will find this a splendid flower. 25c.

S. A. NUTT

GERANIUMS

Double and Semi-Double Varieties

New and Scarce Sorts, 10c each
Seven for 50c; 15 for \$1.00

Alphonse Ricard—Large semi-double flowers, often measuring two inches in diameter, borne in enormous trusses, on long flower stems. Continues in bloom the entire season.

Baute Poitevine—Conceded to be one of the best semi-double bedders among the light salmon shades. The color is a beautiful shade of shrimp pink, delicately shading to white.

Double New Life—Outer flowers large and brilliant red; center shows semi-double, pure white flowers.

Jean Viaud—An attractive, bright, clear shade of mauve rose, fading to a distinct white throat. The flowers are large and trusses enormous, sometimes measuring six inches in diameter.

John Doyle—Rich, deep scarlet; exceptionally bright and effective; splendid habit. A universal favorite.

La Favorite—One of the finest double whites in this class; pure in color. Unsurpassed as a white bedder.

Peter Henderson—A magnificent representative of the Bruant race; grand in health, habit and size of bloom; large flowers and trusses of extraordinary splendor produced in great profusion. The color is an excellent shade of poppy red, a color that carries well.

Marquise de Montmort—Deep crimson carmine; a very novel and beautiful shade.

Miss F. Perkins—An exquisite shade of deep rose pink, with a distinct white throat; large, handsome flowers.

Mme. Jaulin—Color delicate peach pink, shading to a shade of Daybreak pink in the center.

Mme. Landry—A distinct salmon pink, with a slight shading of scarlet; habit semi-dwarf, vigorous, broad, heavy, deep zoned foliage. It has all the best points of a Bruant Geranium.

Mme. Recamier—Double snow white; strong and vigorous grower. In our opinion this is the finest double white that we have among the standard sorts.

S. A. Nutt—This is a standard dark red Geranium, more generally used than any other both as a pot plant and for bedding. Brilliant deep scarlet, with maroon shading.

Single Varieties

L'Aube—Pure snow white, retaining its purity the entire season; large round florets; magnificent trusses. Its freedom of bloom, excellent habits of growth and its ironclad constitution make it a most satisfactory variety either as a bedder or a pot plant. One of the best single whites.

Nuit Poitevine—A remarkably strong and vigorous variety, which we have no hesitation in recommending to those who wish a handsome dark single Geranium; color beautiful rosy purple; lower petals feathered rich scarlet; splendid habit and growth.

Dryden—Bright cochinel red, shading to pure white center; very floriferous; exceptionally clean, healthy and vigorous; foliage slightly zoned.

Mrs. Lawrence—This is, without exception, the finest Geranium of this color that we have ever seen; clear, healthy foliage; splendid dwarf, compact habit of growth; wonderfully free in flowering; indispensable as a pot plant, being strongly recommended for Winter blooming. The color is an artistic shade of bright satiny salmon pink, slightly tinted white.

Mrs. E. G. Hill—The center of each petal is a soft light salmon, bordered with rosy salmon and veined deep rose. Frequently throws six petals. Resembles a rare begonia bloom more than a Geranium.

M. Anatole Roseleur—A most beautiful shade of deep rose pink, rivaling in beauty and freshness the color of the Paul Neyron Rose. The flowers are large, semi double, showing a distinct white center, enormous trusses, borne on long stems well above the clean, extremely handsome foliage.

Ardens—Excellent, large flowers; enormous trusses, color vermilion scarlet distinct white center; beautiful and effective; fine habit of growth.

Beuer—Brilliant crimson red; very free-flowering; a mass of color the entire season; dwarf, compact grower and of fine habit. Came to us very highly recommended, and, as far as our opinion goes will bear recommendation.

Mrs. E. Rowson—Rich glowing scarlet with slight crimson shading on upper petals; enormous trusses of immense round flowers held well above the remarkably strong and vigorous, deeply-zoned foliage of excellent texture. Stands the sun perfectly, is a splendid bloomer and unsurpassed as a bedder.

Ivy Leaved Geraniums. Price, 10c each; three for 25c.

This class of the Geranium is a most useful one. The leaves are ivy shaped, thick and glossy, excellent for vases, hanging baskets or to be trained on a trellis.

Garden Glory—Double. Fine deep scarlet; best red.

Col. Baden-Powell—The flower is of enormous size, the largest among the Ivies. The color varies at times from pearl-white to soft blush, exquisitely beautiful.

Scented Geraniums, 10c each; three for 25c; \$1.00 per dozen

Apple—Delightful fragrance.

Lemon—Small leaves, strongly scented.

Nutmeg—Very fragrant.

Snowdrop—Pure snow white, borne in enormous trusses; perfectly formed round flowers, held well above the beautiful foliage. A splendid bloomer and splendid pot plant; strong, healthy, semi-dwarf grower of excellent habit.

Jeanne d'Arc—Pure white, very double and fine.

Souv. de Chas. Turner—Deep bright pink, full and double; fine.

P. Crazy—A grand hybrid, between the Zonales and Ivies; the color is soft, bright scarlet; the habit is perfect. Sem-double; fine.

Oak-Leaved—Shape of Oak Leaf; almost black.

Rose—The old fragrant variety. Always a favorite.

Staghorn—Finely cut foliage; strongly scented.

GENERAL COLLECTION OF PLANTS

Achillea Alba (The Pearl)

The Pearl—It is a hardy perennial. Its flowers are perfectly double, pure white and are produced in great profusion throughout the summer. Valuable for bouquets and designs. Also unsurpassed for cemetery planting. 5c., each; 6 for 25c.; 50c. per dozen.

Asparagus

No other green mingles with cut flowers as well as Asparagus.

Plumosus—An excellent plant for window culture, the lacelike texture of the foliage excelling that of Maiden Hair Fern in grace and daintiness. It is fine as a pot plant, and in floral decorations the sprays are almost indispensable. Price, 10c., 15c., 25c., and 50c.

ASPARAGUS SPRENGERI

Asparagus Plumosus

Sprengeri—It is useful for cutting in sprays for fine cut flower work with roses, etc. Pretty decorative house plant. Used in decorations as, for example, in the decoration of mantels, nothing can equal it. 10, 15, 25, and 50c.

Tenuissimus—We cannot praise too highly this beautiful plant. If desired it can be grown like smilax or on a trellis; a great acquisition for decorative purposes or cut flower work. 10c., 15c., 25c.

ALYSSUM

to the single variety, but far preferable] 5c. each; 50c. doz.
to the single variety, but far preferable. 5c. each; 50c. doz.

ARAUCARIA EXCELSA

Araucaria Excelsa

(*Norfolk Island Pine*)—Without doubt one of the most serviceable plants for house decoration, well adapted to room culture, and exceedingly attractive and graceful in appearance. See cut. \$1.00, \$1.50 and \$2.50.

ACALYPHA SANDERI

Acalypha

(*CHENILLE PLANT*)

Sanderi—Beyond any sort of a doubt this is the most sensational new plant introduced for many years, and a very ornamental plant. It is of strong, free growth, with large, dark green leaves, from each axil of which rope-like racemes of velvety crimson flowers, 1 to 2 feet long and nearly 1 inch thick, are gracefully suspended. The illustration conveys but a faint idea of the beauty and distinct warm coloring of this plant. 15c. and 25c.

Tricolor—Foliage broad, mottled and blotched crimson, scarlet and rose; always of bright color; neither fades nor burns during our warmest bushy plant; fine bedder. (See cut). 15c. and 25c.

Aloysia Citriodora

Lemon Verbena—A well-known plant, noted for its delightful fragrance, indispensable for bouquets. 10c.

Ageratum

Stella Guernev—Compact, even habit; color a fine, deep blue, and literally a sheet of bloom the entire season, finely adapted to winter blooming in the window garden or conservatory. Price 5c. each, 6 for 25c., 50c. per doz. \$4.00 per 100

ACALYPHA TRICOLOR

BANANA SHRUB (Magnolia Fuscata)

Well-known for Its Fragrant Flowers, which in great numbers. Beautiful and desirable. Price, 35c AND 50c

BEGONIAS**Flowering Varieties: Price, except where noted, 10c; \$1.00 doz. Large Plants 25c.**

Gracilis Luminosa—This Begonia is the latest novelty. As the name implies, it is one of the most symmetrical and yet graceful plants we have ever known; very strong and robust, but still keeping its shape so as to make a very attractive winter house plant. Its foliage resembles that grand old variety, Vernon; rich glossy green, often shaded deep bronze. The flowers, when first opening are bright cherry, changing to a clear coral red. Price 15c., 25c. and 50c. each.

Corallina Lucerna—Immense trusses of bronzy-red flowers. Blooms almost continually. This is the choicest of the flowering type. Price 15c., 25c. and 50c. each.

Alba Picta Improved—Same as *Alba Picta* in every way except that it has larger foliage and larger flowers, which are twice the size of the old one. This fine variety originated here with me, and has been tested five seasons and proved worthy of a place.

Argenta Guttata—An elegant Begonia. Rich green leaves, spotted with silver; produces white flowers, in bunches, on ends of growth stems; very handsome.

Mme. de Lesseps—A decided improvement on *B. Argenta Guttata*, the leaf being four times the size seen in that variety, while the silky texture is the same. It is beautifully spotted with silver. A very strong, free-growing variety; will succeed with ordinary care.

Metallica—A fine erect-growing Begonia, with dark, rough leaves; the surface is a lustrous bronze-green with a metallic hue; flowers pure waxy-white.

McBethii—Foliage fern-like and distinct from other Begonias. Flowers of waxy texture.

Nitida Alba—A strong growing, profuse blooming variety, producing immense panicles of pure white flowers, standing well above the foliage.

New Seedling Begonia, Ione—This beautiful little gem originated with me, and attracted more attention than anything in my houses last year on account of its beautiful compact form and pretty blooms. The foliage is a glossy-green, touched with orange, flowers pink—an entirely new shade of Begonia. A true ever-bloomer, being entirely covered with blooms all the year.

Alba Picta—Long, pointed, slender leaves, thickly spotted with silvery-white foliage, small and elegant.

Richardsonii—Flowers white, foliage finely cut.

Rubra—A magnificent Begonia. Bright, clear red in large trusses; beautiful, attractive, handsome glossy foliage; constant bloomer. 15c. and 25c.

BEGONIA REX—Ornamental Leaves

This Class with so many of the shades combined with an endless variety of markings and richness of color stand unrivaled for beauty and elegance. Price, except when noted, 15c. each; 4 for 50c.; 9 for \$1. My selection of 12 different kinds, \$1.00. Large 3-inch pot plants 25c. and 50c.

BEGONIA IONE.

Thurstonii—A beautiful stately plant with remarkably handsome glossy foliage. The under side of the leaves is a rich purplish red, the veins very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic lustre over all. Flowers rosy-white, in large clusters well above the foliage.

Manicata—Large, smooth, bright green leaves, hairy on stem and under side of leaf; large panicles of pink flowers high above the foliage; a strong grower and one of the best of recent introductions.

President Carnot—A strong growing variety of stiff, upright habit; foliage large, somewhat in style of *B. Rubra*, but more than twice as large; upper side deep green; under side purplish red; flowers beautiful coral red, in large pendant panicles. 15c. and 25c.

F OF BEGONIA REX

Bertha McGregor—Long leaf, pointed, and with six deep notches. A free, strong grower, producing foliage in abundance. The center of leaf is small, dark and palm-shaped, the body of leaf being solid silver, outlined bronze.

Bronze Beauty—Fine, solid, color soft and velvety; one of the best.

Enfant De Nancy—Silver zone with reddish-brown edges; strong grower.

Grandii—Bright steel zone. Light green center; green edge tinted maroon. Under side of leaves maroon.

Gnecse—Foliage exceedingly large; silvery green, shaded pink, with narrow blotches of dark green following the main ribs.

Lesoudsii—This is the largest leaved of any of the Rex family. It is a cross between *B. Diadema* and a Rex variety, but retains in a marked degree the Rex character.

Louise Closson—The most highly colored of the Rex family, of the type of *L. Chretien*, but much brighter. The leaf is zoned with very bright rosy-velvet, and shaded to bronze maroon. A nice free grower. 20c.

Mad. Le Bouge—Very distinct, entire leaf soft, rosy mauve of a high lustre, plumb green.

Magnifica—A splendid grower, with soft velvety bronze green foliage; silver blotches and handsome stripes.

Queen Victoria—Solid silvery leaf, of crepe-like texture, covered with red pile; center and edges soft and green as velvet, the zone formed by small silvery dots.

Revolution—The new variety, with whorled leaf; very free in growth; very odd, showing the double whorl.

Velvetii—Quite an attractive novelty in the Rex family. Leaves are a solid bright green, resembling a piece of clean, soft velvet and never fails to catch the eyes of all lovers of the Begonia Rex. Price, strong 2 1/2 inch pot plant, 25c. each; 3-inch pot plants, 50c. each.

Cissus Discolor

A well-known climber, with leaves shaded dark green, purple and white, the upper surface of the leaf having a rich, velvet-like appearance. In a warm place it is an extremely handsome and notable plant. Eight of these vines planted as late as July 15, completely covered my verandah and was the admiration of the whole town. Price 15c., 2 for 25c., \$1.50 doz.

Coleus

These make the showiest and cheapest bedding plants we have. There is such an endless variety in their color, and marking that, with a little taste in planting varieties, the most gratifying results can be obtained at a trifling cost. They are easy of cultivation and make fine specimens in a very short time. Plants should be set about a foot apart, so that it is easy to figure out how many plants are needed. We grow them in large supply of best sorts. 5c. each, 50c. dozen, \$3.50 per 100.

Clerodendron

Balfouri—A beautiful greenhouse climber, and admirably suited for house culture. Flowering most profusely with scarlet flowers, enveloped in a creamy-white calyx. 15c. each. Extra large plants, 25c. each.

Clematis Paniculata

The flowers are pure white and are borne in great panicles or clusters of bloom, fairly covering the plants, so that it is a mass or sheet of fleecy white. The fragrance is delicious, resembling the English Hawthorn blossom. It begins to bloom early in August, when other hardy climbers are out of bloom. Grows quickly and strongly, reaching a height of 15 to 20 feet. Hardy in all sections of the country. There is no better hardy vine. Strong plants, in pots, 15c. each. 50c. for 4. 2-year-old plants now in pots, 25c. each, \$2.50 per doz.

Callas

Calla Ethiopica—Lily of the Nile. Blooming plants, \$1.00 and \$1.50 each. Dry bulbs, 25c. each.

Caladium Esculentum

Elephant's Ear—One of the most effective plants in cultivation for the flower border or for planting out upon the lawn; it will grow in any good garden soil, and is of the easiest culture. Price of bulbs, 15c., 25c., and 50c. each.

Cineraria—White Leaved

(Dusty Miller.)

These are called "Dusty Millers." Fine for bedding, ribbon-beds and margins; prized for their beautiful downy, silvery foliage; half hardy perennials; 10c. each; 3 for 25c., 75c. per dozen, \$4.00 per 100.

New Dwarf French Cannas

Few flowering plants combine so many good qualities as the modern Cannas. They are the most important new addition to the floral world. Nothing equals their combination of bloom and tropical effect, and the low prices, for the very choicest, place them within the reach of all.

Allemania—A splendid variety. The outer petals are bright scarlet with a broad yellow border, the inside colors being scarlet and dark red, beautifully mottled and variegated. Height five feet. Dormant roots. 10c.

Austria—Grows to six feet high, with leaves fifteen to eighteen inches broad. Flowers six or seven inches across; color, pure golden yellow; a vigorous grower. 10c.

Duke of Marlborough—The darkest Canna known, a beautiful crimson-maroon. This is a sturdy, erect grower, fine metallic green foliage. No matter how many varieties you may have, you need this one to make your collection complete, for it is entirely distinct from all others. 15c.

Madame Crazy—The color is a brilliant vermilion-scarlet, bordered with deep golden yellow; the flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of golden color.

Mlle. Berat—1 ft. Long petaled flowers of rosy carmine. 10c. each.

Gladiator—The big, round flowers of bright yellow petals are thickly spotted with pure crimson, smaller center petals are solid crimson, rich and glowing; blooms profusely. Heads are usually large and borne on large strong stalks, with tough, deep green foliage. *Gladiator* will stand the storms much better than any other *Canna*. Height four to five feet. 15c. each.

King Humbert—Has flowers as large as the largest of the orchid flowering *Cannas*. Bright orange-scarlet, streaked with crimson. Foliage is bronze with brownish-green striped, large, thick and leathery. A strong, robust grower; height 4 feet. 25c.

Kate Gray—Green foliage. Immense flowers 5 to 6 inches. Most of the flowers have fine petals, giving them a fine double appearance. Color, orange-scarlet flaked with yellow. Each 15c.

Pennsylvania—One of the best; remarkably free, of an intense vermilion-scarlet, overlaid with an orange sheen; foliage rich green. 10c. \$1.00 per doz.

Gladioliflora—Remarkable on account of the unusual shape of its flowers, which look like a large *Gladiolus*; color crimson, changing to carmine-rose, with an irregular edge of gold; 3 1-2 feet, 25c. each.

Martha Washington—The flowers are extra large, often measuring over 5 feet across; clear bright rose pink, exceedingly grand and beautiful. It is a healthy, vigorous grower and a prodigious bloomer. Height 3 feet 10c.

Papa Nardy—A new French *Canna*, growing about four feet high, with bright green foliage. Flowers large and well rounded; beautiful purplish-crimson. 15c.

Niagara—We consider this the best of the low-growing variegated *Cannas*. Great handsome trusses; broad, thick durable petals; color rich deep crimson with a wide irregular border of deep golden yellow. Height 3 feet. Green foliage. 15c.

Partenope—5 1-2 feet Flowers of extra large size, the broad, wavy petals glisten like silk; the prevailing color is orange delicately streaked with scarlet tint, and suffused with salmon; early, and a free bloomer; green foliage. Price 10c. each.

Venus—One of the softest and most delicately colored varieties that has yet been introduced. The flowers are of fair size, of a soft rosy-pink, with a pretty mottled border of creamy-yellow. The plant always presents a clean, fresh appearance; 3 1-2 feet. Price 25c.

CARNATIONS

Price 10c each, \$1.00 per dozen. Different kinds, not labeled, 8 for 50c, 16 for \$1.00

The great improvement made in this grand race the past few years has directed popular attention to them until now they are exceeded by the rose alone in the

number annually grown for cut flowers. Our collection contains only sorts of approved merit and our plants are in the finest possible condition.

Elbon—A lovely shade of crimson-scarlet, flowers large and fringed, very free bloomer. The best red Carnation.

Enchantress—Just what the florists are looking for—light pink Lawson. It is large in size and longer stemmed; a beautiful shade of light pink, deepening towards the center. Immense, attractive flowers of fine form and exceptional keeping qualities. The growth is ideal; very healthy, vigorous constitution.

Rose Pink Enchantress—A pure clear pink flower without markings, having the extra large size and other good qualities of *Enchantress*.

Beacon—Fine scarlet variety, in front of the class of "reds." The color is brilliant and a variety of strong, sturdy growth, a very free blooming sort.

White Enchantress—This needs no further description than to say that it is just what its name implies, a white sport from *Enchantress*.

Ficus Elastic

(India Rubber Tree.)

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed as one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower band. 75c., \$1.00, \$1.50 and \$2.00 each.

Ficus Pandurata

(The Majestic Rubber Plant.)

A truly majestic plant, its gigantic leaves, which frequently measure 10 inches in width by 15 inches in length, are irregular in outline, are of a rich, deep green with creamy-white veins and of remarkable substance, enabling the plant to flourish under the most unfavorable conditions. One of the finest foliage plants of recent years. \$1.00, \$1.50 and \$2.00.

FERNS

The popularity of ferns has increased wonderfully. In the past few years, I have added greatly to my collection, which is now the largest in the South. Ferns are now indispensable in all choice table and house decorations. Where there can be a little moisture and shade all varieties listed will do well. They delight in a good leaf mold. Good drainage must be provided, as stagnant water allowed to remain about the roots is fatal to Ferns as well as all other plants.

A. Cuneatum—The Maidenhair. This variety is a general favorite. 15c., 25c. and 50c.

A. Capillus Veneris—Handsome, hardy Maidenhair Fern. 2 1-2 inch plants, 15c. strong 3 inch plants, 25c. to 50c., according to size.

Araiantum Croweanum—(New)—This is not only the best and most profitable Maidenhair to grow for cutting, but it is also the best variety to recommend to the retail buyers for house culture, it standing the dry atmosphere of the room better than any variety we have yet tried. Strong 2 1-2 inch pot plants 25c., 3-inch, 50c.; 4-inch, 75c.; 6-inch \$1.00 to \$1.50.

Alsophilla Australis—(Australian Tree Fern)—A very rapid growing species 25c. and 50c. to \$1.00.

The Boston Fern and its Varieties

Nephrolepis Amerpohli—Ostrich Plume type. The pinnae is so finely divided that it reminds one of a piece of lace; the fronds are broad and of a depth which gives them a cushion-like appearance. 15c. each for 2 1-2 inch plot plants. Large plants, 25c., 50c., and \$1.00.

Nephrolepis Elegantissima Compacta—(new)—A dwarf compact form of *N. Elegantissima*, forming a dense, bushy compact, plant of ideal shape; a valuable addition to this class. Strong plants from 2 1-2-inch pots, 15c., 3-inch pots, 25c.; larger plants, 50c. and \$1.00 each.

Nephrolepis Superbissima—(New)—Entirely distinct from all other crested forms, the fronds being heavily imbricated with the pinnae overlapping, making them very

NEPHROLEPIS WHITMANI

dense and compact. In color it is of a rich, dark green, of sturdy habit; the fronds being firm and rigid, never break down. We offer strong plants from 2 1-2 inch pots, 25c. each, 3-inch pots, 35c.; 4-inch pots, 75c.

Nephrolepis Whitmani—In this we have a most valuable *Nephrolepis* of the Ostrich Plume type; not only is it of dwarfer and more compact habit than the *N. Elegantissima*, but the plume being more deeply divided, gives the plants a more graceful appearance. Strong 2 1-2-inch pots, 15c.; 3-inch pots, 25c. and 6-inch pots \$1.00 to \$1.50.

ELEGANTISSIMA COMPACTA

Nephrolepis Scholastic—(The Plumed Scotti or Dwarf Boston Fern.) In this new form, a sport from Scotti, we have all the desirable features of the parent, with plummy fronds similar to the Ostrich Plume Fern. Its leaves are held erect, with a graceful arch, forming a plummy globe, which is as pretty in a small plant as it is in a specimen plant of larger size. A splendid variety for table decoration. Young plants, 15c., 3-inch pot plants, 25c., 6-inch, \$1.00.

Nephrolepis Scotti—(The Dwarf Boston Fern)—This is the best house plant in all the Sword Ferns, identical to the celebrated Boston Ferns, except that it is smaller in all its parts, more compact and makes a nice specimen in a short time. 2 1-2-inch pots, 15c., 3 inch pots, 25c.; 4-inch pots 50c.

Nephrolepis Bostoniensis—(The Boston Fern.) The fronds grow six feet long. It has been commonly called the Boston Fern. Nice young plants. 15c.; 3-inch pots, 25c.; 4-inch pots, 50c. to \$2.50.

HIBISCUS ROSA-SINENSIS

These plants are becoming very popular as bedding plants, being almost continually in bloom and very effective, either planted out or cultivated in pots. The greater the heat the more numerous and beautiful, large and magnificently colored flowers. Price 10c., 15c., 25c. and 50c.

Brilliantissimum—Large single flowers of the richest and most brilliant carmine scarlet, finished with orange; base of petals stained deep crimson. 10c., 15c., 25c., and 50c.

Crimson Eye—A remarkable showy and handsome hardy plant. It is a robust grower. The color is of the purest white with a large spot of deep velvety crimson in the center of each flower. It will succeed anywhere and is perfectly hardy in all sections of the country. 10c., 15c., 25c., and 50c.

Grandiflora—Single, large flowers of rosy crimson. 10c., 15c., 25c. and 50c.

Joune—Double yellow. 15c., 25c., and 50c.

Peachblow—This is one of the finest plant novelties offered in recent years. The flowers are double and from four to five inches in diameter, and of a charming, rich, clear pink color, with a small deep crimson center. It blooms abundantly and continuously even on small plants; may be easily wintered in greenhouse or dwelling. 15c., 25c. and 50c.

Rubra—Double red. 15c., 25c., and 50c.

Southern Beauty—A wonderfully beautiful herbaceous Hibiscus, a remarkable bloomer and so fine as to be generally cultivated by all. It forms pyramidal-shaped specimens, lower branches slightly reclining, clothed with five-cleft leaves, segments toothed and crimson margined, presenting a fine appearance. In open ground it is covered with handsome deep crimson flowers, shaded darker to throat till almost black. When pot grown it begins to bloom in thumb-pots while not more than three inches high. Entirely hardy and of the easiest culture. 10c., 15c., and 25c.

HYDRANGEA

Hortensis—The well-known garden variety, producing immense heads of bright pink flowers. 15c., 25c. and 50c.

Thos Hogg—Pure white flowers. 15c., 25c., and 50c.

Paniculata Grandiflora—Continues to be one of the best and handsomest hardy ornamental shrubs grown. It blooms finely the first year and gets better and grows larger with age. The flowers are pure white. In great

demand for lawn, cemetery and park planting. 25c. and 50c.

Arborescens Grandiflora—A grand addition to the summer flowering hardy shrubs; dwarfing the show of other sorts by the magnitude and profusion of its flower-heads, and are so conspicuously white and imposing that whether as single specimens as cut flowers, or in groupings, their presence is predominant. 25c., 50c., and 75c.

HYDRANGEA—PANICULATA GRANDIFLORA

PALOR IVY. (See Next Page.)

HELIOTROPES

Below we give a list of choice and distinct varieties of this popular and indispensable plant so much valued for its fragrant flowers and successive bloom. Price 10c. each; 3 for 25c.; not labelled, 15 for \$1.00.

Queen of the Violets—Deep violet purple, with large almost white center, very fragrant; has recently become very popular.

Mad. Bruant—Plant dwarf and exceedingly free bloomer. Immense panicles of very large flowers, rich purple with a large white eye.

Snow Wreath—The nearest approach to pure white large trusses, compact growth.

Swanley Giant—The largest of Heliotropes; rich illa

HIBISCUS—SOUTHERN BEAUTY

IMPATIENS SULTANI

This is one of the most distinct and beautiful pot plants in winter or for summer bedding, of compact, neat habit, and always in bloom; the flowers are bright rosy scarlet, and contrasts finely with the glossy, lovely green leaves. We have this plant in all shades of pink, salmon pink, delicate apple blossom pink, also purple and bright orange scarlet. Price 10c. each \$1.00 per dozen.

PARLOR IVY

A very rapid grower, with smooth, glossy light green leaves, fine for baskets, vases, etc., 5c. each, 50c. dozen.

Jasmine

Grandiflorum — (Catalonian Jasmine)—Flowers pure white, star-shaped and very fragrant. Blooms from October to May. 15c.

Grand Duke—Flowers double, white, like a miniature white rose; delightfully fragrant. 15c. and 25c.

Maid of Orleans — A very attractive new sort, with good size double flowers, blooming profusely all summer; shining pale green foliage. We predict for this variety a rapid sale. 15c. and 25c.

LANTANAS

One of the best summer flowering plants for our climate; equally fine in dry or wet weather. There are few bedding plants that bloom more continuously or afford a greater variety of color. Price 10c. each; 75c. per dozen.

Wonderful New Giant Moonflower. Ipomea Maxima, 15c each, \$1.50 per dozen

HELIOTROPE. (See page 27.)

LANTANAS

Countess Morny—Flowers lemon color.

Favorite—Yellow, merging into crimson.

Francine—Flowers large and rosy lilac.

Jewell—Purest white; very large flowers.

Harkett's Perfection—A new variety, with beautiful

fresh and yellow flowers, and golden variegated foliage.

Mrs. McKinley—This charming new weeping Lantana

is admirable for baskets, vases or pots; but it is, if

possible, more beautiful still when bedded out. The

flowers are borne in elegant clusters, in bloom all the

time.

PALM KENTIA BELMOREANA. (See page 30.)

PONDEROSA LEMON.

PALM LATONIA BARBONICA. (See page 30)

Lemon

Lemon—(American Wonder, or Ponderosa).

Fruit bearing house plants of real value are so rare that any new one demands attention. In this wonderful Lemon we have the rich glossy leaves like the Dwarf Orange, which are so easily kept clean, and with them these giant fruits. Its blossoms are waxy white, like a Tuberose, and as fragrant as Orange Blossoms. This is not only a show fruit but equal in every way to ordinary lemons, while ten times as large. The Wonder Lemon must take a place in every good collection of house plants. Price, nice plants, 15c. each; strong 3-inch pot plants, 25c.; 4-inch pots, 50c.

Moon-Flower

(Price 10c. each, \$1.00 per dozen).

Impomoea Grandiflora—Large Moon-Flower, or Evening Glory—Flowers pure white, 4 to 5 inches in diameter. Very rapid grower and free bloomer.

Impomoea Leavis—The Blue Moon-Flower—This is a grand companion for the white variety. It is similar in all respects except the color, which is a lovely satin blue, with crimson bars. When grown with white the effect is grand.

The Wonderful Giant Moonflower. (*Ipomea Maxima*.)

"A Giant in Growth and Flowers, and Wonderfully Fragrant."

This grand new Moonflower is a decided improvement over the well-known variety *Ipomea Grandiflora*. The flowers are more than twice the size of the old variety, oftentimes measuring from six to seven and one-half inches across, and are produced in such wonderful pro-

fusion that they completely cover the vine with a veil of glistening white. Its growth is very rapid when planted in good rich light soil, nothing to equal it as a tender vine for porch and lattice shading. (See cut.) 15c.; \$1.50 doz.

Othelette Orange

This interesting variety grows, blooms and fruits freely in pots. The delicate and beautiful flowers are rich in perfume and are produced in great abundance. A more attractive plant for window gardens is difficult to obtain. Strong 2 1-2 inch pot plants 10c.; 3-inch, 25c.

Oxalis

Ortgiese—A new variety growing a foot or more in height. The upper side of the leaf is rich olive green, the under side purple. This is not a bulbous rooted variety. Flowers yellow; a constant bloomer. 10c.

Olea Fragrans

(Sweet Olive).

A favorite evergreen shrub, with small white flowers; deliciously fragrant. The perfume of a single plant is sufficient to fill a room. Hardy planted outside. Nice strong plants 35c. and 50c. each.

PALMS

Phoenix Roebelenii—A very graceful, dainty Palm as light and feathery as a Cocos, but as hardy as a Kentia. Will be found the correct thing for small jardiner or fernery, 3-inch pots 50c., 4-inch pot plant, 8 to 10 inches high, \$1.00 each; 5-inch pot plant, 12 to 15 inches high, \$1.50 each.

NEW SALVIA ZURICK. (See page 31.)

PALM ARECA LUTESCENS.

Areca Lutescens—One of the most valuable and beautiful Palms in cultivation. Bright glossy green foliage and rich golden yellow stems. Price \$1.00 to \$5.00, according to size. 4-inch pot plants 50c.; small plants 25c. each. See cut.

Kentia Belmoreana—A graceful variety with leaves which have the appearance of being curled; a robust growing variety; small plants 25c.; 4-inch pot plants \$1.00 and up to \$5.00. See page 28.

Kentia Fosteriana—One of the finest of the Kentias, with graceful, bright green foliage. Small plants 25c., 4-inch pots 50c. and 75c., larger plants \$1.00 to \$5.00.

UMBRELLA PALM.

DOUBLE FRINGED PETUNIAS.

Latania Barbonica.—Leaves large, fan-shaped, with pendant marginal segment; bright green tint; one of the handsomest and most useful Palms in cultivation. Fine for pot culture. 3-inch pot plants 25c.; 4-inch pot plants, 50c. and 75c.; larger plants, \$1.00 to \$5.00 each. See page 28.

Phoenix Reclinata.—Beautiful reclinate foliage, a graceful and exceedingly ornamental Palm, 50c., 75c. and \$1.00 each.

UMBRELLA PALM.

The plant shown in the engraving (page 29) is one of the most useful of our house plants. It is exceedingly hardy in constitution, and if given plenty of water, will thrive where others would die. Being semi-aquatic in its nature, it is very pretty when grown in a bowl and kept filled with water above the soil. 15c., 25c. and 50c.

PANSIES—GIANT MIXED.

The ground must be rich, using only well decayed manure; and avoid planting in a dry, exposed place. They delight in partial shade and moisture. 5c. each, 50c. per dozen. Small plant by mail \$2.00 per 100.

PANICUM VARIEGATUM.

Variegated grass of drooping or creeping habit; a valuable plant for baskets, vases or fern dishes. 5c. each, 50c. dozen.

DOUBLE PETUNIA.

This collection offered this season is particularly rich in color. Flowers of the largest size; fine in form and double. Price 10c. each, 3 for 25c., 12 for \$1.00.

Petunia, Pink Beauty.—Large, clear pink.

Gem.—Variegated, white and crimson.

Majestic.—Rich, deep purple and crimson.

Seafoam.—Best of double whites.

SINGLE RUFFLED PETUNIA.

This fine strain of large flowered Petunia embraces the greatest range of color and the largest sized flowers of any of the Petunias. The many distinct color cover a very wide range and include Crimson with gray throats, brilliant red with deep chocolate throats, pink and white variegated, mottled and striped with yellow throats, and many other novel and pleasing colors. This mixture is decidedly in advance of any other foreign or American strain of Petunia offered. Strong 2 1-2-inch pot plants, 15c.; \$1.50 per dozen.

GIANT PANSY.

SANSEVIERIA ZBALANICA—See Page

PLUMBAGO.

These Plumbagos are desirable on account of their beautiful shades of flowers, which they produce abundantly the whole summer. They stand the sun admirably.

Capensis—Light blue; very free flowering. 10c. each; \$1.00 per dozen.

Capensis Alba—The exact counterpart of *Capensis* except in color, which is a creamy white. It is constantly in bloom through the season. 10c. each; \$1.00 per dozen.

RUSSELLIA MULTIFLORA

Profuse bloomer, a well-known plant, bearing a perfect shower of bright coral-red flowers, the most dainty basket plant extant. 10c. each; \$1.00 per dozen.

SANSEVIERA ZEALANICA

A new decorative plant of great beauty and value. Splendidly adapted for the decoration of drawing rooms or halls, as it stands drought or dust with impunity and requires scarcely no water. The leaves grow to a length of three or four feet and are beautifully striped crosswise with variegations on a dark green ground, 10c., 15c., and 25c.; large plants 50c and 75c. (See Cut).

MAMMOTH VERBENAS

With the exception of the Geranium the Verbena is the most popular and useful of our bedding plants. Colors run from the purest white to scarlet and maroon, through all shades of blue to deepest purple; some have white or cream centers; others are striped, etc.; 5c. each; 50c per dozen; \$1.00 for 25; \$4.00 per hundred.

TUBE ROSE

TUBE ROSE.

Double Pearl—Dwarf sort; 5c. each; 50c. per dozen.

VIOLETS

Marie Louise—(Sweet Scented)—Double flowers deep blue. 10c. each; 3 for 25c.; 75c. per doz.

SALVIA

Excellent summer-blooming plants, especially brilliant in the fall months; fine for bedding, of easy culture.

New Zurich—The new dwarf, early flowering variety, beginning to bloom when but three inches high. See page 29.

New Dwarf Salvia Bonfire—Forms a compact bush, completely covered with rich scarlet flowers all summer; grows 12 inches high.

Splendens—(Scarlet Sage)—Long flower spikes

of the most dazzling scarlet. Price of the above three, 5c. each; 50c. per doz.; \$4.00 per 100.

VINCA

Variegated Leaved—An elegant, slow growing, climbing vine, glossy green leaves, widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockeries; good everywhere; always wanted. Price 10c. each; 6 for 50c.; 12 for \$1.00.

SELAGINELLAS (Moss Fern.)

A beautiful upright-growing moss, with numerous feathery stems branching from the base and forming a dense tuft. Well-grown plants attain

12 to 18 ins. in height and a corresponding diameter. We know of no moss superior to it, and it is exceedingly appropriate for table decoration.

Strong 2½-inch pot plants, 15 cents.

Strong 3-inch pot plants, 25 cents.

**Shade, Ornamental Trees
AND HEDGE PLANTS
How To Plant Trees**

Preparation of the Roots—Cut off smoothly all bruised or broken roots up to the sound wood. This prevents their decaying and hastens the emission of new roots and fibers.

Preparation of the Top—This consists in cutting back the top and side branches in such a way as to correspond with the more or less mutilated roots, as follows:

Trees with branching heads should have the small branches cut clean out, and the larger ones, intended for the framework of the trees, cut to within two or three buds of their bases.

In cases where there is abundant root, and small tops or few branches, the pruning need be very light, but where the roots are small and the tops heavy, severe pruning will be necessary.

These remarks are applicable to all deciduous Trees and Shrubs. Evergreens seldom require pruning, but Arborvitae and other Evergreens planted in hedge-rows may be advantageously shorn immediately after planting.

Silver-Leaved Maple.—A hardy and rapid-growing tree of large size; valuable for producing quick shade. Excellent for yard or street planting; does not throw up sprouts from roots. Nice trees, 10 feet high, guaranteed to grow; \$1.00 each.

Magnolia, Grand.—Too well known to need description. Spring is the best and safest time for planting. This makes it absolutely safe in transplanting. Price, open ground plants, 75c. and \$1.00 each, 2 and 2 1-2 feet high.

Ligustrum Amurense (Amoor River Privet). The true variety. This far surpasses any other evergreen privet. It does well in many sections of the North and East. For the South it is far Superior to the California Privet, which loses its leaves during winter, whereas the Amoor River Privet retains its bright colored foliage. Strong plants 24 to 30 inches, 10c. each; \$1.00 doz.; \$5.00 per 100; \$40.00 per 1,000.

Barred Plymouth Rock

The Breed that Lays Is the Breed that Pays

By judicious line-breeding we have a strain that is second to none; 2,063 eggs is the record from January 1st to June 1st (5 months) from 20 of my pullets, hatched in April and May.

A choice lot of pullets laying and ready to lay, \$1.00, \$1.50 to \$5.00 each.
Cockerels \$1.50, \$2.00 to \$10.00.

Eggs from special matings—either cockerel or pullet—bred—\$5.00 for 15.
From exhibition matings \$3.00 for 15.
From utility matings \$1.50 for 15.
